

HOUSE RULES

Dear guests!

This home has personality and history. We therefore ask you to observe the following house rules:

- 1) The whole house is a **non-smoking area**. We therefore ask smokers also not to smoke by windows or in hallways, but to use the courtyard – an ashtray can be found under the shed roof on the wall.
- 2) Please use **candles and incense** only with extreme caution! The house has an audible smoke detector, which is wirelessly linked with other smoke detectors in the house so that a high-pitched whistle can be triggered on all detectors. Please **NEVER** use incense and candles just below a smoke detector and **ALWAYS** extinguish them when leaving the room.
- 3) Since the **key** supplied to you opens a security lock and secures the gate, door and apartment, a formula has to be filled in, your personal address (and the passport number) are needed.
- 4) We ask that you always **close and lock the house doors and the gate** whenever you leave the house!
- 5) **Quiet time** is from 22:00 to 8:00. Please respect your neighbors' peace, especially when coming and going and when playing the radio or CD player.
- 6) **Damage to house and household items** is to be reported immediately (in person or via SMS text message to NiNi).
- 7) The apartment has **WiFi** via the power lines. We ask you to plug it in only when you use the Internet and hold the box from the sides.
- 8) Space for **shoes and coats** is intentionally provided IN the apartment so that they stay warm in winter. If shoes and coats are very wet, we ask you to leave them in the hallway.

- 9) We ask you to wear **slippers**, because the wooden floor of the apartment is antique and despite proper care, it is possible that splinters could form or nails could come out. Walking barefoot is therefore at your own risk.
- 10) **Extra blankets or special pillows** can be requested if necessary. We ask that requests of this type are made in advance if you come back to stay with us again.
- 11) We ask you to help us in **separating waste**. In the apartment, separate collection of paper, plastic, glass and other waste is possible. Cans and special waste can also be disposed of. Please avoid clogging our toilet drains with feminine hygiene products.
- 12) We ask that you leave **wet towels and garments** on the drying rack to avoid damage to our chairs.
- 13) For hygienic reasons please **do not place suitcases on the beds**.
- 14) **Use a little - leave a little:** We want you to feel comfortable here, so you will find various toiletries in the bathroom cabinet. If you use any or take any with you we kindly request a donation in the box provided.
Not every book is of personal meaning to me, but there are many I would dearly miss. Books from the library can be borrowed or purchased (please ask NiNi!).
- 15) **Airing an old house:** Please open windows and apartment door plus the hallway window at least 3 times per day to allow cross-ventilation.
- 16) Please place **requests and suggestions** in our box! We will take care of it as soon as possible.

We wish you a pleasant stay and would be happy if you recommend us and come back for another visit!

NiNi and her team
